Our sister company Anzett designs and manufactures the complete range of fire fighting systems for the oil and gas industry. The company's extensive experience and its production and supply of a wide range of special equipment enables us to meet the most demanding requirements within this field. The company's product range includes the following systems:

- Deluge / Sprinkler Systems
- Hose Reels
- Hydrants
- Monitors
- Dual Agent Systems
- Water Mist Systems
- Foam Systems
- Powder Systems
- Gas Systems

In all project planning and installation of fire fighting systems there is a high demand for safety. Some of the most typical installations are on production platforms, shipboard engine rooms and other sensitive areas. Since starting with fire fighting systems in 1996, Anzett has been one of the most successful suppliers to the Norwegian market. The company's future development will focus on the international market.
